Module of Subexpert:

Exam Module:

I am currently working on web UI automation for the Subexpert website, specifically focusing on the Exam module. This module involves automating test cases related to various exam functionalities, such as navigating to exams, viewing performance analytics, and verifying exam details and solutions. The goal is to ensure that all aspects of the exam module work seamlessly, providing users with accurate performance metrics and a smooth examination experience.

Test ID	Description	Precondition	Actual Outcome	Expected Outcome	Status
TC_UI_STUDENT_001	Verify page navigation to "Due Exams" page	Student is Logged In.	User navigates to the "Due Exams" page successfully	User should navigate to the "Due Exams" page without errors.	Pass
TC_UI_STUDENT_002	Verify search functionality for exams	1). Exam section is displayed. 2). Exams are Present and Displayed.	User performs a search for specific exams with exam title.	Exams matching the search criteria should be displayed, and irrelevant exams should be hidden.	Pass
TC_UI_STUDENT_003	Verify click action on a quiz title.	1). Exams section is displayed. 2). Quiz titles are displayed	User clicks on a quiz title. Summary details of that exam should be displayed and browser scrolls down to the summary section.	Clicking on the quiz title should scroll down the browser to that exam summary section.	Pass

TC_UI_STUDENT_004	Verify exams status filtering.	Exam Section is displayed.	Closed exams are displayed in the table.	Table is displayed of closed exams.	Pass
TC_UI_STUDENT_005	Verify if no exams are found.	Exam Section is displayed.	No exams are displayed	No exams are displayed.	Pass
TC_UI_STUDENT_006	Verify accessibility of exam details	Exam section is displayed.	User accesses exam details from the exam list		
TC_UI_STUDENT_007	Verify performance analytics availability	1). Exam section is displayed. 2). Exam title is clicked.	User accesses performance analytics for completed exams and display the analytics section.		
TC_UI_STUDENT_008	Verify skip button functionality and home page navigation	Student is logged in	Clicking skip button navigates to the home page with welcome message		
TC_UI_STUDENT_009	Verify welcome message for train student	Student is logged in			
TC_UI_STUDENT_010	Verify pagination of exam list	Student is on the Exams page with multiple exams
